Good morning Heather,

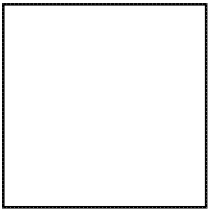

I was not sure if you planned on attending the Corps JEM meeting today at 11:00 a.m. but I wanted to get you some information we will be discussing during the meeting. Attached is the following:

1. Location map
2. Fact Sheet (distributing during our public comment period for the Draft EIS)
3. Layout of the Bridge Footings for the preferred alternative under consideration

Kim McGlaun and I are preparing the EFH Report and will be finished by the end of this week. I would love to get your thoughts on the project before we wrap it up, even if you don't make the JEM today. Thank you.

Christopher Amy
Environmental Coordinator/Biologist
